

BUSINESS SECTORS

MATERIALS, PRIMARY ALUMINIUM, SECONDARY ALUMINIUM, SEMI-FINISHED PRODUCTS, FINISHED PRODUCTS A0100

A0101	Primary aluminium
A0102	Secondary aluminium
A0103	Aluminium billets and slabs
A0104	Continuous casting slabs
A0105	Aluminium rod and continuous casting ingots
A0106	Aluminium semifinished products
A0107	Aluminium castings
A0108	Aluminium finished products
A0109	Other metals

PLANTS, MACHINERY, ACCESSORIES AND EQUIPMENT FOR ALUMINIUM AND OTHER METALS PROCESSING AND REFINING (esclued diecasting and foundry) A0200

A0201	Raw materials processing
A0202	Primary aluminium production
A0203	Melting, casting, heat treatment and reheating technology (incl. furnaces) for extruded profiles
A0204	Melting, casting, heat treatment and reheating technology (incl. furnaces) for sheets
A0205	Refractories and insulation
A0206	Rolling mill technology / Sheet fabrication technology
A0207	Rolling mill technology / Strip and foil processing, foil finishing and packaging technology
A0208	Extrusion and drawing
A0209	Forging and extrusion moulding
A0210	Sawing and cutting
A0211	Machining
A0212	Metal construction work
A0213	Joining technology
A0214	Environmental and ecological protection
A0215	Tools, dies and moulds making
A0216	Scrap processing, recovery, reclamation, processing and recycling
A0217	Stockholding equipment and systems

PLANT, MACHINERY, ACCESSORIES AND EQUIPMENT FOR DIECASTING AND FOUNDRY A0300

A0301	Diecasting machinery and plants
A0302	Diecasting accessories and equipment
A0303	Release agent for diecasting
A0304	Vacuum die casting equipment
A0305	Low pressure drop casting machines
A0306	Heat treatment furnaces
A0307	Die ovens
A0308	Lubricants and diecasting machinery lubrication
A0309	Finishing & treatment machinery for diecastings
A0310	Producers of die castings
A0311	Diecasting dies and accessories: production plants
A0312	Diecasting moulds: design
A0313	Sub-suppliers of die castings
A0314	Tooling for deburring and finishing
A0315	Complete foundry installations, engineering
A0316	Charge materials for casting ferrous metals
A0317	Materials and indirect products for moulding
A0318	Moulding machines
A0319	Shell-moulding machines
A0320	Sand recovery and reclamation machines
A0321	Core sand preparation systems
A0322	Mullers and mixers
A0323	Handling and transport systems
A0324	Industrial furnaces
A0325	Robotized systems
A0326	Finishing and coating systems
A0327	Refractory materials, plasters ramming mixes
A0328	Heat treatment systems
A0329	Resins
A0330	Bentonites
A0331	Plants for machining
A0332	Equipment and miscellaneous products for the foundry industry

BUSINESS SECTORS

SURFACE TECHNOLOGY A0400

A0401	Equipment, materials, consumables and accessories for surface treatment technology and corrosion protection
A0402	Polishing
A0403	Anodising
A0404	Electroplating
A0405	Chromating
A0406	Coating
A0407	Shot-peening
A0408	Hard oxidation (thickness)
A0409	Electrolytic galvanising
A0410	Thermal treatment
A0411	Anti-wear coatings
A0412	Metallization

MEASURING / QUALITY CONTROL EQUIPMENT A0500

A0501	Process control technology
A0502	Control devices, regulating equipment
A0503	Measuring instruments and equipment
A0504	Automatisation technology
A0505	Temperature measuring instruments
A0506	Certifying authorities

TRADING A0600

A0601	Light-metals trade, general
A0602	Light-metals trade in special products
A0603	Other metals trade general

RECYCLING A0700

A0701	Aluminium recycling
A0702	Other materials recycling
A0703	Transport, handling & logistics
A0704	Storage, sorting and selecting
A0705	Breaking up & crushing

SERVICES A0800

A0801	Packaging
A0802	Engineering and simulation services
A0803	Energy services
A0804	Consultancy / Project Management
A0805	Prototyping, additive manufacturing
A0806	Research and development services

INFORMATION, TRAINING, OTHERS A0900

A0901	Associations
A0902	Technical literature and journals
A0903	Universities and research and development centers
A0904	Miscellaneous

AUTOMOTIVE INDUSTRY A1000

A1001	Subcontracting, design and engineering for transport industry
A1002	Machinery and systems
A1003	Supplies and products for workshops, technical assistance, prototype development
A1004	Production and distribution of metals, alloys and semifinished
A1005	Production and distribution of elastomers, polymers, composites and technological materials
A1006	Service centers and distribution
A1007	Models for prototype production
A1008	Applied hardware and software
A1009	Technological innovation centres
